

ARWA TRAINING AGENDA

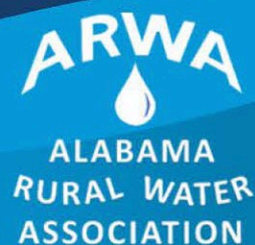

Lead and Copper Materials Inventory Training
Escambia County, Atmore, AL - Jul 24, 2024

Time: 8:00 AM - 4:00 PM

Location: West Escambia Utilities

369 East Avenue

Atmore, AL 36504

Agenda Items

From	Until	Description - Provider
08:00 AM	08:15 AM	Welcome and Introduction <i>Jon Lowe/ARWA</i>
08:15 AM	09:15 AM	Cybersecurity The session will provide an in-depth exploration of the unique cybersecurity challenges faced by critical water infrastructure systems. Students will examine potential attack vectors that malicious actors could exploit to disrupt operations or gain unauthorized access to industrial control systems. <i>ARWA</i>
09:15 AM	11:00 AM	PFAS This session provides an in depth look at PFAS. These are man made chemicals that have been widely used due to their heat, water and stain resistant properties. These chemicals are found in many water sources throughout the world. <i>Scotti Wells / InSite Engineering LLC</i>
11:00 AM	12:00 PM	Lunch <i>Own Your Own</i>
12:00 PM	02:30 PM	Lead and Copper Update ADEM has issued new regulations updating the state's lead and copper rules for public drinking water systems. These updates aim to strengthen monitoring requirements, improve corrosion control treatment, and enhance public education efforts to reduce exposure to lead and copper from aging pipes and plumbing components. Water utilities must comply with the revised testing protocols and treatment standards to better protect public health. <i>Robert Compton/ADEM</i>
02:30 PM	03:30 PM	SDWA Safe Drinking Water Act Update <i>Jon Lowe/ARWA</i>
03:30 PM	04:00 PM	Questions and Evaluations <i>Jon Lowe/ARWA</i>

This Training Session will provide 7 Water CEH's Subject to ADEM Approval.
