ARWA PROVIDES EDUCATIONAL ASSISTANCE

# 2025 Scholarships Awarded

*Congratulations to all who applied and especially to those selected as the 2025 winners*

Pursuing higher education is one of the most important investments a person can make in their future. But for many high school students, affordability presents a major barrier. That is why for over 20 years, the Alabama Rural Water Association (ARWA) has been proud to award scholarships to deserving students across the state through the John A. Garrett Scholarship Fund.

Made possible by funds raised at the annual ARWA Golf Tournament, these scholarships help alleviate the financial burden students face when pursuing college or trade school. Each year we are impressed by the caliber of applicants – students who have excelled academically while also making time to give back through community service, work jobs to support their

families, or pursue their passions through sports, arts, and other activities.

In 2025, we are excited to announce another round of exceptional scholarship recipients who represent the best of Alabama's youth. These students demonstrate academic excellence, strong character, and commitment to their communities. We are honored to invest in their futures through the ARWA scholarship fund.

Applicants are evaluated on their academic achievements, extracurricular activities, community involvement, and future goals. Numerous impressive application packages were received this year.
