RE: Classified Advertisement – Wastewater Operator III or II - SouthWest Water Company
(Immediate FULL TIME Positions)

SouthWest Water Company

Wastewater Operator Grade III or II (Birmingham Area – North Shelby County)

Position Summary: Operates award winning advanced wastewater treatment facilities and collection systems (Full time with Benefits)

Essential Functions Statements:

- Monitors control panels and adjusts valves and gates manually or by remote control to regulate flow of sewage
- Observes variations in operating conditions and interprets meter and gauge readings and tests results to determine load requirements.
- Starts and stops pumps, engines, and generators to control flow of raw sewage through filtering, settling, aeration, and sludge digestion processes.
- Maintains log of operations and records meter and gauge readings.
- Collects sewage sample and conducts laboratory tests.
- Operates and maintains power generating equipment to provide electricity for plant.
- Calculates and adjusts chemical feed rates and respectively measures and prepares chemicals.
- Other duties as may be assigned.

About Us

SouthWest Water Company provides essential water and wastewater services to more than a million Americans in six states. In business for more than 50 years, we provide a broad range of operation, maintenance and management services, including domestic water production, treatment and distribution; wastewater collection and treatment; customer service; and construction management of utility infrastructure projects.

Our water will help your career grow. The safety of our drinking water and responsible treatment and management of wastewater are critical issues in today's world. For years to come, the water and wastewater business will need people like you--dedicated professionals who want to help protect this precious resource.

We're proud of our work. Daily, we make a difference in the lives of a million people by providing them with water and wastewater services. Build yours and our planet's future with SouthWest Water Company. Don't wait. The opportunity is now.

Certification: Current AL Wastewater Certification Grade III or Grade II. Will consider an Operator-In-Training.

Education and Experience: High School education or equivalent is required.

Other Requirements: Must follow all company safety practices and procedures. Basic computer skills.

Compensation: Average position compensation is \$22-24/hr based on experience. Excellent benefits.
