

Job Announcement – Technician Grade 1 Water

GENERAL PURPOSE:

This position is responsible for assisting in the installation, maintenance and repair of the water distribution system.

EXAMPLES OF DUTIES:

The following example of duties, is intended to be representative of the tasks performed within this classification. It is not necessarily descriptive of any one position in the classification. The omission of a duty does not preclude management from assigning duties not listed herein if such functions are a logical assignment to the position.

- Performs preventative maintenance and repair work on water mains, fire hydrants, valves and service lines.
- Maintains rights-of-way, easements, tanks, sites, pump sites, reservoir, and other system components.
- Cleans out valve boxes and exercises system valves.
- Installs new water mains, service lines, fire hydrants, valves and meter sets.
- Removes and replaces asphalt, concrete, grass, and landscaping elements.
- Sets up proper traffic control devices and flags traffic.
- Participates in on-call rotation and responds to after-hours emergencies.

CEW&SA seeks an individual who can work effectively with employees across the organization. The ideal candidate is an adaptive problem solver with experience developing and motivating other employees in the pursuit of CEW&SA goals and initiatives. This person will be a relationship builder who can maintain those working relationships with the public, other department employees. This person must be reliable, a self-starter, versatile in performing multiple aspects of the position without constant supervision, and a part of the team. The successful candidate will need some technical knowledge to perform the job duties that are required.

MINIMUM QUALIFICATIONS:

- Ability to read, write, and perform basic mathematical calculations such as addition, subtraction, multiplication, division, and percentages; and
- Sufficient experience to understand the basic principles relevant to the major duties of the position usually associated with the completion of an apprenticeship/internship or having had a similar position for one to two years; or
- Possession of an ADEM Water Grade I Operator Certification.
- Possession of a valid Alabama Class A Commercial Driver's License not required, but would benefit the applicant in the hiring process.
- Ability to obtain a valid Alabama Class A Commercial Driver's License within one year of employment.

CONDITIONS OF EMPLOYMENT:

Those selected for employment will be required to pass Pre-Employment checks depending on the position requirements. Those could include, but are not limited to: criminal background check,

drug screen, education verification, etc. Criminal convictions will be considered on a case-by-case basis. If required, those selected for employment may serve a one-year probationary period. Equal Opportunity Employer.

The work is typically performed in an office and in the field. Field work involves risks or discomforts which require special safety precautions, e.g., working under extreme outdoor weather conditions, working around moving parts, machines, irritant chemicals, walking on uneven ground and around obstacles, etc. May be required to use protective clothing or gear such as masks, coats, goggles, gloves, or shields. Field work requires some physical exertion such as walking, climbing, bending, stooping, stretching, or similar activities.
