

Job Announcement – Grade 4 Water Operator

GENERAL PURPOSE:

This position is responsible for the daily operations of a Microfloc water treatment plant and water pumping facilities. Work is performed independently and under limited supervision. Position typically requires processing and interpreting more complex, less clearly-defined issues.

EXAMPLES OF DUTIES:

The following example of duties is intended to be representative of the tasks performed within this classification. It is not necessarily descriptive of any one position in the classification. The omission of a duty does not preclude management from assigning duties not listed herein if such functions are a logical assignment to the position.

- Monitors plant operating efficiency by monitoring daily plant chemical use.
- Makes chemical adjustments and flow rate changes as needed.
- Performs laboratory analysis of water samples.
- Monitors water pressure and tank levels using SCADA.
- Responsible for anticipating water demand and daily needs by interpreting information gathered from the SCADA system.
- Resolves water treatment problems.
- Off-loads plant chemicals from chemical supply tanker trucks; completes required paperwork.
- Performs routine plant maintenance as needed; lubricates moving parts; cleans and organizes equipment.
- Performs calibrations on lab equipment and chemical feed pumps.
- Assists in the installation, repair and maintenance of plumbing systems.
- Maintains plant records, including call out logs, customer complaint log, operating logs, daily journals, inventories and data logs.
- Assists in the maintenance of plant grounds.
- Manage and assist in sludge processing.
- Performs other duties as assigned.

CEW&SA seeks an individual who can work effectively with employees across the organization. The ideal candidate is an adaptive problem solver with experience developing and motivating other employees in the pursuit of CEW&SA goals and initiatives. This person will be a skilled communicator and relationship builder who can maintain those working relationships with the public, other departments, regulatory and local partner agencies. This person must be reliable, a self-starter, versatile in performing multiple aspects of the position without constant supervision, and a part of the team. The successful candidate will need strong technical knowledge; a comprehensive understanding of federal, state, and local laws, regulations, codes, and statutes.

MINIMUM QUALIFICATIONS:

State of Alabama driver license required and maintain insurability as determined by CEW&SA's insurance carrier. **Certification as a Grade IV Operator in the State of Alabama is required.** Experience with SCADA is preferred.

CONDITIONS OF EMPLOYMENT:

Those selected for employment will be required to pass Pre-Employment checks depending on the position requirements. Those could include, but are not limited to: criminal background check, drug screen, education verification, etc. Criminal convictions will be considered on a case-by-case basis. If required, those selected for employment may serve a one-year probationary period. Equal Opportunity Employer.

The work is typically performed while intermittently sitting, standing, walking, bending, crouching, or stooping. The employee should be able to lift 50 pounds on a frequent basis and 100 pounds on an occasional basis. The employee climbs ladders, uses tools or equipment requiring a high degree of dexterity, and distinguishes between shades of color.

The work is typically performed in an office and outdoors, occasionally in cold or inclement weather. The employee may be exposed to noise, dust, dirt, grease, machinery with moving parts, and irritating chemicals. Work requires the use of personal protective equipment such as specialized clothing, goggles, masks, boots, gloves, and other protective devices as required.
